

The Great British Columbia ShakeOut 2011

The Ministry of Health Services is proud to support the 2011 "Great British Columbia ShakeOut," the largest earthquake drill in Canadian history. The drill is scheduled to take place on January 26, 2011 at 10:00am. The ShakeOut has been organized to inspire and prepare British Columbians for the next big earthquake and to prevent disasters from becoming catastrophes.

By working in partnership with the health sector, local government, schools and neighbourhood groups, everyone can take part in making their community and province a safer place. Visit www.shakeoutbc.ca to register for The Great British Columbia ShakeOut and for more information on how to protect yourself during an earthquake. Please join us as we participate in The Great British Columbia ShakeOut on January 26. Together, we can be better prepared if disaster strikes.
